

University of Saskatchewan Official Document Cover Page

University of Saskatchewan official documents are issued directly through MyCreds™ which is owned by the Association of Registrars of the Universities and Colleges of Canada (ARUCC) and powered by Digitary, a trusted international verified digital credential platform. MyCreds™ ensures document authenticity. When transcripts, credentials, and any other documents are issued through MyCreds™, they are verifiable, secure, and include a cryptographic signature.

If you have received a notification of this document from noreply@mycreds.ca and a link to access it through MyCreds™, you are viewing a certified official document that you can trust. A document routed to you as an attachment from an individual personal email is unofficial and may not reflect the most recent version.

When viewed in PDF format in Adobe 9.0 or later, this document has a number of security features described below. These security features do not apply to a printed copy. A printed or downloaded copy should not solely be relied upon as it could be subject to tampering. This document is shared as a point in time transaction between the learner and the recipient and downloads are for record keeping purposes only. Forwarding or reproducing this document renders it unofficial.

Security information

To verify the authenticity of the digital document, make sure you are accessing it online via a link to the document on MyCreds™. The link will start with <https://learner.mycreds.ca>.

When viewed in PDF format in Adobe 9.0 (or later), the digital signature of the document should be interpreted as follows:

The blue-ribbon symbol signifies that the contents of the document have not been altered after it was downloaded. It does not signify its currency (it may have been revoked or replaced by the institution or organization with a more up to date document). If the document does not display a valid certification and signature message, reject this document immediately.

This symbol with a red cross signifies that the issued document is invalid. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. A document with an invalid digital signature display should be rejected.

This symbol signifies that the Author is Unknown. Author Unknown can have two possible meanings: The document is a self-signed document or has been issued by an unknown or untrusted authority and therefore has not been trusted. If you receive this message, make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital signature on-line, reject this document.

This symbol indicates that Adobe needs to validate the signatures. You will need to follow the instructions to validate the signature. Should the signature validate successfully, you will be presented with the blue-ribbon symbol above. If it cannot validate the signature, the red cross will be presented.

This document is available for viewing until the expiry date set by the Learner. If your access has expired, you will need to contact the Learner to request a new share of the document. MyCreds™ cannot reissue documents.

***** END OF TRANSCRIPT *****

Acting University Registrar

University of Saskatchewan

The University of Saskatchewan is a degree-granting institution under the authority of the Province of Saskatchewan, and a member of Universities Canada.

General Information

This transcript is a record of academic work undertaken at the University of Saskatchewan only. Students are responsible for supplying official transcripts for work completed at other institutions. The recipient is asked not to release this transcript, or copies of it, to the student whose record it contains or to any other agency.

A student is in good standing unless otherwise noted. Notations such as “Required to Discontinue” are for academic reasons and are for a period of one year unless otherwise noted.

For more complete information, consult the University Catalogue at programs.usask.ca.

Academic Year

The Academic Catalogue Year starts on May 1st.

The University of Saskatchewan offers classes during four academic terms. The Spring and Summer Terms consist of two seven-week terms: Spring (May to June) and Summer (July to August). The Regular Terms consist of two 13 week terms: Fall (September to December) and Winter (January to April).

A typical full undergraduate course load during the Fall and Winter terms is a combined 30 credit units.

Units of Instruction

Courses are assigned credit units.

Since 1982, a credit unit is the basic unit of instruction. A typical two-term course which meets for approximately 3 hours per week is 6 credit units, and a single-term course is 3 credit units, although courses of other weights exist.

For information about units of instruction prior to 1982, please visit <https://students.usask.ca/academics/grading/grading-system.php>.

Course Numbering

More information can be found on the Academic and Curricular Nomenclature Report. <https://governance.usask.ca/governance/nomenclature.php>

Non-University Level

001-089 Courses intended primarily for non-degree credit programs (e.g., Business Administration Certificate and Diploma in Agriculture courses).

Undergraduate Degree

Junior level

090-099 Courses which do not require Grade 12 level preparation as a prerequisite. These numbers are used when a department also offers a junior level course in a subject for students with Grade 12 preparation.

100-109 General introductory courses not usually intended as preparation for more advanced study in the subject but designed to acquaint students with a field of knowledge in which they do not propose to specialize.

110-199 All other courses offered for junior undergraduate level credit.

Senior level

200-699 Courses intended for the upper years of direct entry degree programs or for all years of non-direct entry programs. In direct entry programs the first digit will usually indicate the year of the program for which the course has been designed.

For non-direct entry programs, first year courses are numbered 200-299, second year courses 300-399, etc.

Graduate Degree

Junior level

700-799 Introductory courses, usually intended for graduate students who have not had the generally expected undergraduate preparation in the subject.

Senior level

800-899 Courses which may be taken only by students who have completed the undergraduate level preparation generally expected for graduate level courses in the subject.

990 Graduate seminars.

992 Non-thesis graduate projects.

994 Master’s program thesis.

996 Doctoral program thesis.

Current Grading Practice

Percentage Grades

Undergraduate level (after Sept. 1986)*		Graduate level (after May 1996)*

80-89%	Excellent	80-89%	Very good to excellent
70-79%	Good	70-79%	Satisfactory to good
60-69%	Satisfactory	60-69%	Poor
50-59%	Minimal Pass	0-59%	Failure
0-49%	Failure		

*Several colleges have adopted a separate list of descriptors since 1986 to reflect the different performance expectation for certain programs. The full list of descriptions can be found in Section 6 of The Academic Courses Policy (policies.usask.ca/policies/academic-affairs/academic-courses.php). The Academic Courses Policy also includes information about the grading symbols and notations used below.
